## Contributions to Empirical Chapters

**Chapter 2.** Veenstra, L., Bushman, B. J., & Koole, S. L. (2017). The facts on the furious: a brief review of the psychology of trait anger. *Current Opinion in Psychology*, doi:10.1016/j.copsy.2017.03.014

The article was written by LV and SLK, and BJB provided valuable comments on the manuscript.

**Chapter 3.** Veenstra, L., Schneider, I. K., Bushman, B. J., & Koole, S. L. (2016). Drawn to danger: trait anger predicts automatic approach behavior to angry faces. *Cognition and Emotion*. doi:10.1080/02699931.2016.1150256

The study was designed by LV, IKS and SLK. Data was collected and analyzed by LV. The article was written by LV and SLK, and IKS and BJB provided valuable comments on the manuscript.

**Chapter 4.** Veenstra, L., Schneider, I. K., Dillon, K., Domachowska, I., Bushman, B. J., & Koole, S. L.. Taming tempers: basic motivational states moderate the association between trait anger and state anger/aggression. (manuscript submitted for publication)

The studies were designed by LV, IKS and SLK. Data of Study 1 was collected by LV, Study 2 by ID, and Study 3 by KD. Data was analyzed by LV. The article was written by LV and SLK, and IKS and BJB provided valuable comments on the manuscript.

**Chapter 5.** Veenstra, L., Schneider, I. K., Tops, M., & Koole, S. L.. Motivational modulation of the hormone-aggression link: effects of approach/avoidance postures on the association between salivary testosterone/cortisol and aggressive impulses. (manuscript submitted for publication)

The study was designed by LV, IKS and SLK. Data was collected and analyzed by LV. The article was written by LV and SLK, and IKS and MT provided valuable comments on the manuscript.

**Chapter 6.** Veenstra, L., Schneider, I. K., & Koole, S. L.. The effects of motivational training on state anger and aggressive impulses among people varying in trait anger (accepted for publication). *Motivation Science*. doi:10.1037/mot0000060

The studies were designed by all authors. Data was collected and analyzed by LV. The article was written by LV and SLK, and IKS provided valuable comments on the manuscript.

**Chapter 7.** Veenstra, L., Schneider, I. K., & Koole, S. L.. A dark and peaceful place: ambient darkness lowers approach motivation and renders people with high dispositional anger less easily angered. (revision submitted).

The studies were designed by all authors. Data was collected and analyzed by LV. The article was written by LV and SLK, and IKS provided valuable comments on the manuscript.

**Chapter 8.** Koole, S. L., & Veenstra, L. (2015). Does emotion regulation occur only inside people's heads? Towards a situated cognition analysis of emotion-regulatory dynamics. *Psychological Inquiry*, 26(1), 61-68. doi:10.1080/1047840X.2015.964657

The article was written by SK and LV provided valuable comments on the manuscript.
