

Contents

Chapter 1: Introduction	7
Chapter 2: Cation channelrhodopsin C1C2	33
Chapter 3: Anion channelrhodopsin <i>PsACR1</i>	53
Chapter 4: Light-driven Na⁺ pump KR2	69
Chapter 5: NIR-driven H⁺ pump with retinal analogues	85
Chapter 6: UV-absorbing microbial rhodopsin HKR1	109
Chapter 7: NIR fluorescent proteins	123
Chapter 8: BLUF photoreceptor	141
Chapter 9: High light-inducible protein HliC	161
Bibliography	173
Summary	193
List of publications	196
Acknowledgements	198
